

PUBLIC NOTICE

RE: COVID-19

February 2, 2021

A parent notified MMLA on Tuesday, February 2, 2021 regarding an MMLA 2nd grade student who has tested positive for COVID-19. This student was in the building for one day during the health department's contagion window; which was on Monday, February 1. All parents associated with the ten other students in the 2-A classroom were contacted and given quarantine information. The two MMLA staff members working with 2-A students in the classroom have also been given quarantine information. We are very confident that our health and safety guidelines are working.
